

VARIO adapter 1/2"

The impact wrench-compatible VARIO adapter turns impact wrenches into tappers, which extends the range of the work application by an entire additional tool. For all impact wrenches with a 1/2" external square tool mount. |Lightweight, tool-free exchange of FEIN VARIO consumables. Compatible with all FEIN VARIO accessories – twist drills, countersinks, and tappers. Tools for easy mechanical drilling, countersinking, and tapping up to 1".|For 3/4" and larger, we recommend the FEIN VARIO adapter 3/4" with a larger tool for faster work progress. Unlike drill/drivers, impact wrenches enable users to work easily and powerfully when tapping.|The adapter is easy to push on and with the help of a locking spring or circlip, can be attached for permanent use.

Product number: 6 42 03 028 01 0

Technical data

TECHNICAL DATA

Material	Full metal
Accessory interface	1/2" Outer square ISO 1174-2 E/F 12.5
L	2-1/8 [53.2] in[mm]
Tool mount	VARIO Bit Shaft
Drill Ø steel twist drill	15/32 [12] in[mm]
Tapping	1"
Weight	0.42 [0.19] lbs[kg]

Suitable for the following tools
